ABOUT US

A software team that understands how businesses actually run

SHYLO Technologies was started in Hosur by an aeronautical engineer turned software builder, after four years of building data systems for manufacturing companies: from CNC machine data pipelines to company-wide dashboards. We help businesses stop relying on Excel, manual processes and disconnected systems, and we build every solution around how your team already works.

WHY BUSINESSES CHOOSE SHYLO

Manufacturing experience

Our founder spent four years building data systems for manufacturers.

You talk to the builders

No middlemen: the people who write the code join your calls.

Fixed quote, no surprises

Scope, timeline and price agreed before work starts.

Local and worldwide

Based in Hosur, working with businesses across India and abroad.

HOW WE WORK

1**Free 30-minute call**

We understand your process, the problem and who will use it.

2**Fixed quote & plan**

Written scope, timeline and a fixed price. No hidden charges.

3**Design first**

You see the screens before we build.

4**Build in weekly parts**

Working software every week to test and give feedback on.

5**Launch & support**

Training for your team and support after go-live.

WHAT WE BUILD

Services

WEB & MOBILE

- 
Website Development
 Fast, mobile-friendly business websites that bring you enquiries.
- 
E-commerce Website Development
 Online stores with UPI and Razorpay payments, cart and order tracking.
- 
Custom Web Application Development
 Portals, workflow and tracking apps built around how your team works.
- 
Mobile Application Development (Android & iOS)
 Android and iOS apps for your customers, field team or staff.

BUSINESS SOFTWARE

- 
SaaS Product Development
 Multi-company SaaS products from idea to launch, with billing built in.
- 
CRM Development
 Leads, follow-ups, quotations and WhatsApp in one CRM for your team.
- 
ERP Development
 Production, inventory, purchase and accounts connected end to end.

DATA & ANALYTICS

- 
Data Analysis & Business Intelligence
 Power BI dashboards and reports that update themselves every day.
- 
Data Engineering & ETL Pipeline Development
 Pipelines that bring machine, Excel and ERP data into one clean place.

IOT & CLOUD

- 
IoT Application Development
 Collect machine and sensor data and act on it in real time.
- 
Cloud Solutions & Integration
 Azure, Google Cloud and Microsoft 365 set up and connected securely.

SOLUTIONS

Ready answers to common problems

- 
AI applications & chatbots
 Answer customer questions 24/7 on WhatsApp and your website.
- 
AI agents & automation
 Let AI handle repetitive office work: emails, reports and data entry.
- 
Document AI
 Read invoices, POs and forms automatically and stop typing data.
- 
Microsoft 365 & SSO setup
 Business email, Teams and secure single sign-on, set up properly.
- 
IT consulting for small businesses
 Honest advice on what software you need, and what you don't.

INDUSTRIES WE SERVE

Manufacturing & CNC

Production dashboards, machine data and shop-floor apps.

Automation

Software for automation and special-purpose machine builders.

Gold & jewellery

Production tracking and dashboards for jewellery manufacturers.

Mobile & electronics

Websites, service tracking and stock apps for electronics businesses.

Retail

Online stores, billing, stock and customer loyalty for shops.

Logistics & transport

Trip, fleet and delivery tracking with customer updates.

LIVE PROJECTS

PackageTrack

Gold & diamond jewellery manufacturer · Hosur

Web app that tracks gold and diamond packages issued to workers, top-ups and returns, with remaining workload calculated automatically.

Live

Transport Tracker

Mobile manufacturer

Live tracking and dashboards for employee buses and goods vehicles between sites, replacing phone calls and registers.

Live

Nivora-SaaS

Our own product

CRM, quotations, GST invoices, stock, HR and WhatsApp campaigns in one platform, built for many companies at once.

Live

Mobile Store Website

Mobile & laptop retailer · Hosur

A fast, phone-first website with a 3D product showcase and one-tap call, WhatsApp and directions.

Live

Let's make your work simple.

Book a free 30-minute consultation. You get honest advice and a fixed quote, with no obligation.
